## What Makes Us Different?

### Our people.

Richmond Express is 100% employee based - no independent contractors here! That means that each and every one of our drivers has passed a drug screening and has had a criminal background check - something that the other courier companies don't do! All of our drivers wear a uniform and a photo ID badge so that your organization is represented professionally in the business community. We have online ordering, delivery tracking, and email notification for your convenience. We care about the quality of your couriers!
